Q1605_9 How much responsibility do you feel that each of the following has in causing today's global financial market crisis?

People who short stocks. By "short stocks", we mean the practice of selling stocks the seller does not own, in the hope of repurchasing them later at a lower price.

Q1610 Would you say that the current global financial market crisis has been caused more by the "abuses of capitalism" or by the "failure of capitalism, itself"?
 By "capitalism", we mean the economic system in which the means of production are owned by private persons, and operated for profit and where investments, distribution, income, production and pricing of goods and services are predominantly determined through the operation of a free market, rather than by central economic planning.

Q1625 Under what circumstances is it appropriate for taxpayers' money to be used for bailouts of commercial banks and insurance companies?
 By "bailout", we mean the situation where a bankrupt or nearly bankrupt entity, such as a corporation or a bank, is given a fresh injection of liquidity, in order to meet its short term obligations.

9	54	Q1605_9 How much responsibility do you feel that each of the following has in causing today's global financial market crisis? People who short stocks. By "short stocks", we mean the practice of selling stocks the seller does not own, in the hope of repurchasing them later at a lower price. This Question Was Weighted To The General Population
10	60	Q1605 How much responsibility do you feel that each of the following has in causing today's global financial market crisis? GRID SUMMARY TABLE This Question Was Weighted To The General Population
11	66	Q1610 Would you say that the current global financial market crisis has been caused more by the "abuses of capitalism" or by the "failure of capitalism, itself"? By "capitalism", we mean the economic system in which the means of production are owned by private persons, and operated for profit and where investments, distribution, income, production and pricing of goods and services are predominantly determined through the operation of a free market, rather than by central economic planning. This Question Was Weighted To The General Population
12	72	Q1615 How much do you support or oppose increased regulation by your own government of business activities to prevent future financial global market crises? This Question Was Weighted To The General Population
13	78	Q1625 Under what circumstances is it appropriate for taxpayers' money to be used for bailouts of commercial banks and insurance companies? By "bailout", we mean the situation where a bankrupt or nearly bankrupt entity, such as a corporation or a bank, is given a fresh injection of liquidity, in order to meet its short term obligations. This Question Was Weighted To The General Population
14	84	Q1627 How much do you support or oppose your government using taxpayers' money to fund bailouts that are resulting from the current financial global market crisis? Of Commercial Banks And Insurance Companies This Question Was Weighted To The General Population
15	90	Q1630_1 How much confidence do you have in the ability of each of the following political leaders to handle the global financial market crisis effectively? George W. Bush This Question Was Weighted To The General Population
16	96	Q1630_2 How much confidence do you have in the ability of each of the following political leaders to handle the global financial market crisis effectively? Gordon Brown This Question Was Weighted To The General Population
17	102	Q1630_3 How much confidence do you have in the ability of each of the following political leaders to handle the global financial market crisis effectively? Nikolas Sarkozy This Question Was Weighted To The General Population
18	108	Q1630_4 How much confidence do you have in the ability of each of the following political leaders to handle the global financial market crisis effectively? Angela Merkel This Question Was Weighted To The General Population
19	114	Q1630_5 How much confidence do you have in the ability of each of the following political leaders to handle the global financial market crisis effectively? Silvio Berlusconi This Question Was Weighted To The General Population
20	120	Q1630_6 How much confidence do you have in the ability of each of the following political leaders to handle the global financial market crisis effectively? Jose Luis Rodriguez Zapatero This Question Was Weighted To The General Population
21	126	Q1630 How much confidence do you have in the ability of each of the following political leaders to handle the global financial market crisis effectively? GRID SUMMARY TABLE This Question Was Weighted To The General Population
22	132	Q1635 And now thinking of George W. Bush, Gordon Brown, Nikolas Sarkozy, Angela Merkel, Silvio Berlusconi and Jose Luis Rodriguez Zapatero as a group, how much confidence do you have in their collective ability to handle the global financial market crisis effectively? This Question Was Weighted To The General Population
