

Page Table Title

1	1	Q1300 Now we would like to ask you some questions on the United States economy. Do you think a free-market, capitalist economy (an economic system in which prices and wages are determined by unrestricted competition between businesses, with limited government regulation or fear of monopolies) is the best economic system, or not? This Question Was Weighted To The General Population
2	2	Q1305 Do you think that multi-national companies have more, less or the same amount of power as the United States government? This Question Was Weighted To The General Population
3	3	Q1310 In order to make the United States's economy more effective, should governmental regulations that protect the rights of employees (e.g. unfair dismissal laws) be relaxed, tightened or stay as they are? This Question Was Weighted To The General Population
4	4	Q1315 Do you think that trade unions have an important role in today's work environment, or not? This Question Was Weighted To The General Population
5	5	Q1320 Are you optimistic, pessimistic or neutral about the future of the US economy? This Question Was Weighted To The General Population
6	6	Q1325 Are you optimistic, pessimistic or neutral about the future of the European economy as a whole? This Question Was Weighted To The General Population
7	7	Q1330 How good or bad an environment is Europe for American companies to do business in? This Question Was Weighted To The General Population
8	8	Q1340 Do you think the European economy can compete effectively against other rising economies in Asia, such as China and India? This Question Was Weighted To The General Population
9	9	Q1350 Do you think Europe's economy should be more like that of the United States? This Question Was Weighted To The General Population
10	10	Q1360 Which one, if any, of the following countries do you think is the greatest threat to global stability? This Question Was Weighted To The General Population
12	11	This Question Was Weighted To The General Population Analysis of Sample - United States
15	12	CLASSIFICATION TABLES - UNITED STATES (DEMOGRAPHIC)
17	13	WEIGHTING VARIABLES - UNITED STATES

Q1300 Now we would like to ask you some questions on the United States economy.

Do you think a free-market, capitalist economy (an economic system in which prices and wages are determined by unrestricted competition between businesses, with limited government regulation or fear of monopolies) is the best economic system, or not?
