Q1510 Moving on to a few questions on current affairs, many economists say that THE US is now in recession.
 When do you expect the recession to end?

Q1530 Normally, employees' salaries and pensions rise each year to reflect inflation. However, many economists believe that the country will experience deflation in 2009. That means that retail prices will start to fall and a lot of goods will be cheaper than they are now.

17 Dec 2008
 Table 5

If that happens, which statement would best reflect your expectations for your salary for the next year?
 Base: All United States Adults 16-64 Who Are Full Or Part-Time Employed

This Question Was Weighted To The General Population

Page Table Title

1	1	Q1505 We'd now like you to think about the upcoming holiday season. Do you plan to spend...? This Question Was Weighted To The General Population
2	2	Q1510 Moving on to a few questions on current affairs, many economists say that THE US is now in recession. When do you expect the recession to end? This Question Was Weighted To The General Population
3	3	Q1515 How concerned are you that you will lose your job within the next year as a result of this recession? This Question Was Weighted To The General Population
4	4	Q1520 How concerned are you that a friend or family member will lose their job within the next year as a result of this recession? This Question Was Weighted To The General Population
5	5	Q1530 Normally, employees' salaries and pensions rise each year to reflect inflation. However, many economists believe that the country will experience deflation in 2009. That means that retail prices will start to fall and a lot of goods will be cheaper than they are now. If that happens, which statement would best reflect your expectations for your salary for the next year? This Question Was Weighted To The General Population
6	6	Q1535 Normally, employees' salaries and pensions rise each year to reflect inflation. However, many economists believe that the country will experience deflation in 2009. That means that retail prices will start to fall and a lot of goods will be cheaper than they are now. If that happens, which statement would best reflect your expectations for your pension for the next year? This Question Was Weighted To The General Population
7	7	Q1540 Do you own a house or home? This Question Was Weighted To The General Population
8	8	Q1545 Since the beginning of the year, has the value of your house or home... This Question Was Weighted To The General Population
9	9	Q1570 How much do you agree or disagree that the euro could overtake the US dollar in global importance within the next 5 years? This Question Was Weighted To The General Population
10	10	Q1580 How likely do you think it is that Barack Obama will deliver the changes he has promised? This Question Was Weighted To The General Population
11	11	Q1585 Which one, if any, of the following countries do you think is the greatest threat to global stability? This Question Was Weighted To The General Population
13	12	Analysis of Sample - United States This Question Was Weighted To The General Population
