

Q2505 We would now like to ask your opinions on environmental issues. Scientists indicate that the burning of fossil fuels (e.g. petroleum, coal) is leading to climate change. Based on what you know, how big a threat does climate change pose to the world?

Q2510 World governments will meet in Copenhagen soon to draw up a successor to the Kyoto protocol on climate change, a treaty which set targets on industrialised countries for reducing greenhouse gas emissions. How much of a priority should signing a new treaty be at the climate change conference in Copenhagen?

Q2545 How much do you agree or disagree with the following statements?  
 GRID SUMMARY TABLE

Base: All United States Adults 16-64

This Question Was Weighted To The General Population

	Since China is the biggest carbon emitter they should cut its emissions the most	The US should make the most emissions cuts	When compared to other Western nations, Europe is leading the fight against climate change	Developing countries have not caused as much climate change, so developed countries should be prepared to give more aid to them to deal with the consequences	If China and India do not make emissions cuts, other countries should not have to either	If there is no agreement in the climate change conference in Copenhagen in December, the world will be in a worse position for dealing with climate change	Developed countries, such as the US and EU member states, should help fund developing countries, such as China, in their efforts to reduce emissions

 HARRIS INTERACTIVE  
 A602 FT CLIMATE CHANGE  
 FIELD PERIOD: 30th SEPTEMBER - 6th OCTOBER 2009

Page Table Title

1	1	Q2505 We would now like to ask your opinions on environmental issues. Scientists indicate that the burning of fossil fuels (e.g. petroleum, coal) is leading to climate change. Based on what you know, how big a threat does climate change pose to the world? This Question Was Weighted To The General Population
2	2	Q2510 World governments will meet in Copenhagen soon to draw up a successor to the Kyoto protocol on climate change, a treaty which set targets on industrialised countries for reducing greenhouse gas emissions. How much of a priority should signing a new treaty be at the climate change conference in Copenhagen? This Question Was Weighted To The General Population
3	3	Q2515 Which of the following actions do you personally take to reduce your environmental impact in your day to day life? This Question Was Weighted To The General Population
5	4	Q2520 Thinking about actions that your employer is currently doing to reduce its environmental impact, do you think they...? This Question Was Weighted To The General Population
6	5	Q2525 Which of the following actions, if any, does your employer take to reduce its environmental impact? This Question Was Weighted To The General Population
7	6	Q2530_1 How much do you agree or disagree with the following statements? I would pay more in taxes to cut greenhouse gas emissions This Question Was Weighted To The General Population
8	7	Q2530_2 How much do you agree or disagree with the following statements? I would like the products I buy to have labels informing me about the amount of carbon emitted in the course of their production This Question Was Weighted To The General Population
9	8	Q2530 How much do you agree or disagree with the following statements? GRID SUMMARY TABLE This Question Was Weighted To The General Population
10	9	Q2535 Which of the following statements best describes your perspective on products or services advertised as having a lower environmental impact (i.e. 'green')? This Question Was Weighted To The General Population
11	10	Q2540 Who do you think should take the most responsibility for combating climate change? This Question Was Weighted To The General Population
12	11	Q2545_1 How much do you agree or disagree with the following statements? Since China is the biggest carbon emitter they should cut its emissions the most This Question Was Weighted To The General Population
13	12	Q2545_2 How much do you agree or disagree with the following statements? The US should make the most emissions cuts This Question Was Weighted To The General Population
14	13	Q2545_3 How much do you agree or disagree with the following statements? When compared to other Western nations, Europe is leading the fight against climate change This Question Was Weighted To The General Population
15	14	Q2545_4 How much do you agree or disagree with the following statements? Developing countries have not caused as much climate change, so developed countries should be prepared to give more aid to them to deal with the consequences This Question Was Weighted To The General Population
16	15	Q2545_5 How much do you agree or disagree with the following statements? If China and India do not make emissions cuts, other countries should not have to either This Question Was Weighted To The General Population
17	16	Q2545_6 How much do you agree or disagree with the following statements? If there is no agreement in the climate change conference in Copenhagen in December, the world will be in a worse position for dealing with climate change This Question Was Weighted To The General Population
18	17	Q2545_7 How much do you agree or disagree with the following statements? Developed countries, such as the US and EU member states, should help fund developing countries, such as China, in their efforts to reduce emissions This Question Was Weighted To The General Population
19	18	Q2545 How much do you agree or disagree with the following statements? GRID SUMMARY TABLE This Question Was Weighted To The General Population
20	19	Q2550 Do you believe the US needs to reduce the amount of oil and natural gas that it imports from foreign energy sources? This Question Was Weighted To The General Population
21	20	Q2555 Do you believe that Russia will be a reliable supplier for gas and oil for the US in the future? This Question Was Weighted To The General Population
22	21	Q2560 Moving on to our next question on current affairs. Which one, if any, of the following countries do you think is the greatest threat to global stability? This Question Was Weighted To The General Population
24	22	Analysis of Sample - United States This Question Was Weighted To The General Population
