Q1545. More and more frequently shareholders in commercial companies in Europe and the US play an important role in influencing decision making for business issues, while ownership of shares is widespread amongst them. As a result of this change, would you say that the overall performance of economies in these markets has...?

Page Table Title

1	1	Q1505. We would now like to ask you a few questions on current affairs. As a result of the current economic situation has your opinion of business leaders (e.g., company chief executives, finance directors) in your country...? This Question Was Weighted To The General Population
2	2	Q1510. Thinking about the recent behaviour of business leaders in general, would you say that this is...? This Question Was Weighted To The General Population
3	3	Q1515. How much do you agree or disagree that business leaders in the US are generally paid too much? This Question Was Weighted To The General Population
4	4	Q1520. How much do you support or oppose bonuses forming a lower part of pay for business leaders in the future? This Question Was Weighted To The General Population
5	5	Q1525. Some governments have considered measures to claw back pensions or bonuses of business leaders at companies that have received government help in the form of bailout. How much do you support or oppose such measures in your country? This Question Was Weighted To The General Population
6	6	Q1530. Recently some have suggested that a commercial company would best serve the general interests of the economy if it focused on creating value for its shareholders. How much do you agree or disagree with this argument? This Question Was Weighted To The General Population
7	7	Q1535. Again, some have suggested that business leaders of commercial companies would best serve the general interests of the economy if their total pay is linked to the profits made by their company. How much do you agree or disagree with this statement? This Question Was Weighted To The General Population
8	8	Q1540. How much do you support or oppose commercial companies paying dividends to shareholders if they are making job positions redundant? This Question Was Weighted To The General Population
9	9	Q1545. More and more frequently shareholders in commercial companies in Europe and the US play an important role in influencing decision making for business issues, while ownership of shares is widespread amongst them. As a result of this change, would you say that the overall performance of economies in these markets has...? This Question Was Weighted To The General Population
10	10	Q1550. In an economic recession, which one of the following should be the highest priority for commercial companies? This Question Was Weighted To The General Population
11	11	Q1555. Which one, if any, of the following countries do you think is the greatest threat to global stability? This Question Was Weighted To The General Population
13	12	Analysis of Sample - United States This Question Was Weighted To The General Population
