The 2007 Harris Interactive College Football Poll is comprised of former players, coaches, administrators and current and former members of the media who have committed to submit rankings for the top 25 college football teams each week. These panelists were randomly selected from among more than 300 nominations submitted by the 11 Division I-A Conference offices and the independent schools. The panel has been designed to be a statistically valid representation of all 11 Division I-A Conferences and independent institutions. Today, 114 poll participants submitted their top 25 college football team rankings.

In 2005 the 11 Division 1-A Conference Commissioners and Notre Dame Athletics Director Kevin White decided not to accept the Harris Interactive recommendation to apply a standard statistical practice that addresses potential instability, error, or bias associated with unusual ranking patterns. This process will remain the same for the 2007 season. Each week Harris Interactive will conduct a thorough verification of the results, and the rankings will stand as submitted.

This week’s rankings and other information about the poll can be found at [www.harrisinteractive.com/bcspoll](http://www.harrisinteractive.com/bcspoll) and [www.bcsfootball.org](http://www.bcsfootball.org).
